INFORMATION BULLETIN

EQUIPMENT: VC-401B (PRE-M22)

DATE: 02-23-16

NOTIFICATION NUMBER: CIB VC-401B-39

REVISION: A

1. Planning Information

1.1 Compliance

As required

1.2 Description

Use dust cover part number 047-08004-0010 as a replacement for 047-08004-0000 as necessary.

1.3 Applicability

Affects Part Number 064-1047-xx identified with Mod 21 or below.

Units with Mod 22 or higher met compliance at the time of manufacturing.

1.4 Reason

Dust cover part number 047-08004-0000 is obsolete, P/N 047-08004-0010 was designed and implemented for M22 or higher units but never authorized as a replacement for the pre-M22 units.

1.5 Approval

Minor change

1.6 Recommendation

For a VC-401B (P/N 064-1047-xx) Mod21 or lower unit, it is acceptable to use dust cover part number 047-08004-0010 as a replacement where ever a Maintenance Manual (006-05907-0010, 150-041299) parts list calls out Part Number 047-08004-0000. It is recommended to use a warranty void label P/N 156-040123 to cover the screw hole on the top cover as the pre-M22 units do not have a screw to fill that hole.
